FREQUENTLY ASKED QUESTIONS

Why Should I Attend?

Want to make more money? Want to keep your job? You have to up your skills and here is a time and place that makes it easy, one day and nationally recognized speakers, the person who teaches your sales reps. Bring a friend and make it fun!

Why Sunday?

Many of us work on Saturdays! Maybe your boss will give you an alternative day off? You are making an extra effort to improve yourself, be more valuable to the practice and in turn the practice will be more successful!

I don't want to spend the money?

Who does? But this is continuing education to keep your skills and knowledge up to par with the changing environment. Your doctors have to have continuing education. It's a necessary part of business and your boss would probably be willing to pay the expense to have a great staff for his clients.

But I'm not ABO/NCLE!

The American Board of Opticianary and National Contact Lens Examiners are much like an honor society. They have standards to belong and require continuing education to maintain a membership. The best part is these organizations encourage education for everyone at every level of experience, in its attempt to improve the industry.

Keep your ABO/NCLE certification up-to-date with SIX HOURS of CE credit (All this and LUNCH too!)
